# BLACK STUDENT ALLIANCE | UNIVERSITY OF COLORADO

The Black Student Alliance categorically condemns actions of the CU Boulder student who harassed our brother by using racial slurs and while he was at the University of Colorado Engineering Center. Further more her actions coupled with the hate and unsafe environment she created for its students has created a hostile environment where all students, regardless of racial identity, can learn and thrive.

As such we issue the following demands to The University of Colorado Boulder to be expelled and sanctioned as a student who engaged in the racist behavior.

## ii.

The University of Colorado Boulder should immediately discontinue its relationship with the organization that has been identified as a hate group.

## iii.

The University work directly with organizations whose members are impacted by the University's actions.
